I NEED TO PICK UP BATTERIES FOR THE T.V. REMOTE.

Doctor: "I have your MRI results."  
Patient: "Is my brain functioning normally?"  
Doctor: "No. Half your brain is clogged with usernames, and the other half is clogged with passwords."

SHRED THAT LAST MENTAL NOTE I GAVE YOU.

How come the octopus was able to defeat the shark?  
Because he was well-armed!

I believe the right girl for me is out there in some corner of the earth ... Unfortunately, the earth is round.

IT'S NOT A RASH, IT'S RUST.

Interviewer: What drives you?  
Candidate: The bus mostly.  
Interviewer: I mean what motivates you to get out of bed in the morning?  
Candidate: Missing the bus!

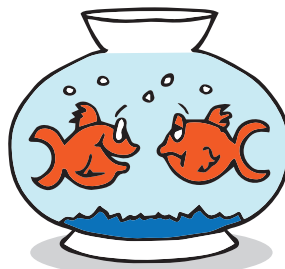

One day, out of the blue, one of my twin boys asked, "Dad, how did you support yourself through college?" I said, "I was a working student. Initially, a janitor until I got promoted." "Yeah, they moved him up to the second floor," quipped the other.

As she slid behind the wheel for her first driving lesson, my daughter couldn't contain her excitement.

"You need to make adjustments, so the car is comfortable for you as the driver," I began. "Now, what's the first thing you should do?" "Change the radio station," she said.

Me: "I wanna travel!"  
My bank account: "Like... to the backyard, you mean?"

SMALL WORLD ISN'T IT?

Teacher: What is an island?  
Student: A piece of land surrounded by water except on one side.  
Teacher: On one side?  
Student: Yes, on top!
